Dear Solomon Community:

Hannah G. Solomon Elementary School's student fees for the 2022-2023 have been voted on and approved by our Local School Council. The fees for all students will be:

- 1 student: \$90
- 2 students: \$90 + \$60 sibling discount = \$150
- 3 students: \$90 + \$60 sibling discount + \$60 sibling discount = \$210

How do we pay student fees?

- If paying with cash, you can come by our main office during [summer business hours](#) or once the school year begins.
- If paying with a credit card, you can pay via [E-Pay](#) (linked here and also available on the homepage of our school website, solomon.cps.edu) as a "One Time Payment"

Why do we pay student fees?

Student fees are important to the programming for our school. We rely on student fees to pay for instructional materials that our staff requires during the year, which includes books, consumable workbooks, student magazines, and other requested materials that serve our educational mission. We also use student fees to subsidize events at the school, including guest speakers and school-wide assemblies. 100% of our student fees are reinvested into materials and resources that our students use daily.

Thank you for your support!
